

## **St Mary's School and College Summer Holiday Provision August 2021**

### **Aim**

St Mary's School and College delivered a 2 week Summer programme in August 2021. Places were open to all pupils at the school and those transitioning to the school in September 2021

The Summer Programme offered a blend of academic education support and play and enrichment activities including transitional activities, sports activities, additional subject support, art activities, and wellbeing and personal development activities. The school resources including outdoor environments and indoor sport facilities were utilised to engage pupils in the activities and their learning

### **Funding**

St Mary's School and College are due to receive a total of £5311 funding from DFE for the delivery of the two week Summer Provision in August 2021. The breakdown of expenditure for the provision is as follows:

- Staff costs £6070
- food £160
- resources £105

### **Parental Questionnaire Feedback**

Feedback from the summer provision was very positive, please see below:

“Would firstly like to say a big thank you to everyone involved. She looked forward to coming and enjoyed her time at the Club. Having the Club really helped her re-connect with School, with familiar adults and peers. It was good to have the break on the Wednesday as it seemed to make her look forward to the Thursday and Friday more! Thank you again to all, we appreciate it took a lot of time and effort to put together, but it was thoroughly enjoyed by her and PLEASE do it again!”

“Thank you so much to all involved. Holiday provision makes a huge difference to us as a family, enabling us to do things she finds difficult and to give our other children some attention. And although we do miss her dreadfully, we know she is being well cared for, is safe, and, importantly, having fun. We really appreciate it!”
